ASSENT OF ASSIGNEE UNDER 37 CFR § 1.173(a)

Sir:

1. Pursuant to 37 CFR § 3.73, I certify that the below-named Assignee is the assignee of the  
entire right, title and interest in the above-identified original patent, by virtue of the assignment of  
rights from the inventor as set forth below.

2. I have reviewed the assignment and, to the best of my knowledge and belief, the Assignee  
retains title to the above-identified original patent.

3. I am authorized to act on behalf of the below-identified Assignee.

4. The Assignee hereby assents to the accompanying application to reissue the above-  
identified patent.

5. I hereby declare that all statements made herein of my own knowledge are true and that  
all statements made on information and belief are believed to be true; and further that these  
statements were made with the knowledge that willful false statements and the like so made are

**REISSUE PETITION, DECLARATION  
AND POWER OF ATTORNEY**

We, as the assignee (Targor GmbH) hereby declare that:

1. We are the assignee of the subject matter which is described and claimed in the above-identified United States Patent, and for which a reissue patent is here sought, the specification of which is attached hereto.

2. We have reviewed and understand the contents of the above-identified specification, including the claims and the specification as amended by any amendment presented in the above application.

3. We acknowledge the duty to disclose information which is material to patentability as defined in Title 37, Code of Federal Regulations, § 1.56(a).

**REISSUE OF U.S PATENT NO: 5,693,838****HOE 92/F 253**

4. We hereby request that we may be allowed to surrender and do hereby assent to surrender the above-identified Patent and request that the Patent may be reissued.

5. We verily believe that the above-identified original Patent may be wholly or partially defective. The applicants have claimed more than they are entitled to claim. The applicants were not aware of the Karl application that was involved with this patent in interference No. 104,447. until after issuance of this patent.

6. Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant.

7. We hereby claim foreign priority benefits under Title 35, United States Code, §119 of any foreign application(s) for patent or inventor's certificate listed below and have also identified below any foreign application for patent or inventor's certificate having a filing date before that of the application on which priority is claimed:
